Interior Designer

With over ten years of experience in mixed commercial arts, I am seeking to embrace my passion and pursue a career in the interior design field. I am driven by conceptualizing and executing environments for the everyday; whether it be on a permanent or temporary basis. I have proven ability to lead projects from start to finish with excellent supervision, effective communication and practical time management. I possess exceptional organization skills and have an impeccable eye for detail and color. I thrive on team collaboration, combining my artistic and technical skills and client satisfaction. I believe versatility and commitment to client and team relationships will always lead to a successful project.
